

Prep Tour Caddie Rules

The Prep Tour will allow the use of caddies in the Junior High Boys Division in 2020. All Junior High Boys and their caddies must review the caddie rules prior to the start of the competition. Not being aware of these Prep Tour caddie rules will not prevent a player or caddie from receiving a penalty, and/or a caddie suspension.

- Caddies **will be** allowed to **push** or **carry** (by non motorized means) the player's clubs and equipment during the play of a hole. A player's equipment may be moved from green to the next subsequent teeing ground by **any** means including motorized transportation.
- Once a player's ball has come to rest on the putting surface, caddies **MAY NOT** communicate any further with the player until all golf balls have been holed and all players proceed to the next teeing ground. Caddies are **NOT ALLOWED** on the putting surfaces and may not give advice after their player's ball is on the green.
- A player may only have 1 designated caddie during the round. The designated caddie must be declared and present for the Starter's Instructions on the 1st tee. A caddie **MAY NOT** join a competitor after the round has begun. Players **MAY NOT** switch caddies during a round.
- A player may only receive advice from their designated caddie during competition. All other spectators/parents are still subject to the published Prep Tour spectator policies which prohibit advice/coaching during competition.
- Caddies are **NOT ALLOWED** to deliberately stand on or close to the extended line of play behind a player while a player is taking his stance until the stroke is made. Caddies may give advice to their player about relief options, but caddies are **NOT ALLOWED** to assess penalties on fellow competitors or make rulings for the group.
- Caddies are encouraged to assist with pace of play policies for their player and will not be a cause for slow play. The Junior High Boys division will still be subject to published Prep Tour pace of play standards and guidelines.

- Caddies are encouraged to help their player count and record an accurate score. Caddies should not confront **other** players in the group regarding reported scores. This is a player's responsibility and part of the competition.
- The role of the caddie and the intent of this initiative is to help educate young players on tournament pace of play and the rules of competitive golf. A caddies' role is to emphasize sportsmanship, etiquette and positive attitudes.

Breach of Policies and or rules by caddies

- 1st Offense = Warning from a Prep Tour Official
- 2nd Offense = Caddie privileges will be suspended for the tournament.
- Final Offense = Caddie privileges will be rescinded for the rest of the year.

The Prep Tour Director has the authority to eliminate or modify this policy at any time.
